

Letter of Appreciation

Dear OgunTech Community Team,

On behalf of the **Nigeria Association of Computing Students (NACOS), Moshood Abiola Polytechnic (MAPOLY)**, we extend our heartfelt appreciation for your immense support and coordination that led to the great success of the **NACOS MAPOLY Hackathon Competition held on 13th August 2025**.

Your dedication, mentorship, and active involvement in guiding our students through the competition not only inspired innovation but also provided a platform for young tech talents to showcase their skills in backend development, frontend engineering, and creative design.

We are also deeply grateful for your promise of sponsorship, cash prizes for winners, and continued mentorship to help our students further develop their skills beyond the hackathon. This commitment shows your passion for building the next generation of innovators and tech leaders.
